

LIBRARY AT LINCOLN-WAY high school has new look and a new seating arrangement. Study carrels, they call these cubicle - like affairs. (Sutton photo)

L-W High School Library Now Has More Study Space

Increased utility, efficiency and, at the same time a pleasing appearance is the result of study carrel installation (cubicles) in the Lincoln-Way high school library. The public may inspect the library facilities any Tuesday evening from 6:30 to 9:30, or at any time during school hours.

As shown in the photo what was formerly a large expanse of floor space is now individual seating space for students wishing to use library materials and free time to enhance their knowledge of a subject. Each carrel (pronounced carol) actually gives the user privacy for studying and makes the space available for the student to pursue knowledge above and beyond the classroom.

Arranged at an angle to the

room the rows of carrels utilize every foot of floor space in the new library at Lincoln-Way. In comparison with the conventional library arrangement with rows of book shelves just chopping the room into aisles, this "new look" actually enhances the appearance of the L-W library while it provides additional seating capacity. Sixty students can work on individual studies at the same time with a large degree of privacy. Construction of the carrels is practical in that each one consists of a four-legged table with shelf-divider storage. Each table accommodates two people. Other carrel designs take about two-thirds as much space but provide a study area for one student.

Lions Sell Fruit Cake

The annual fruit cake sale by the Mokena Lions club got underway last Sunday and will continue while the cakes last, according to Kenneth Heim, chairman.

The cakes weigh three pounds and sell for \$3.25, and according to those who have bought and eaten them in the past they are well worth the money. Proceeds from the cake sale will be applied to the various charities supported by the Lions.

The membership has been divided into eight teams that will make a house-to-house canvass of the community in behalf of the project.

Captains of the teams are: No. 1, Arouri; No. 2, Ed Haislet; No. 3, Les Erdmann; No. 4, Al Mitchell; No. 5, Walter Welsch; No. 6, John Hubler; No. 7, Ed Lehmann, and No. 8, Walter Behnke.

See Ill. Route 53 As Important I-80 Feeder

The survey is completed for the new Illinois Highway 53, which is to extend from the Wisconsin line to connect with I-80 south of U.S. 6 in the vicinity of Sievert road, New Lenox Township, it is reported but when work is started on the project in this area is problematical.

The highway is scheduled to reach to the Morton Arboretum and then angle south westerly to cross I-55 (U.S. 66) just inside DuPage township in Will county, then run southeast to skirt Lemont on the west (presumably in the area of the Pure Oil Refinery), and cross Route 4-A near what would be an extension of Gougar road and continue down to the vicinity of Sievert road.

Plans call for a grade separation at U.S. 6 and the link with I-80 would be about three quarters of a mile south of that.

This road, it was pointed out, would give easy access to the industrial area northwest of Chicago as well as to Aurora, Elgin and other communities and be an important feeder to I-80.

Supervisor John Francis, of New Lenox, has been working to get another grade separation on I-80 that would give area residents easier access to that highway. Present plans call for such a separation at U.S. 45 in the vicinity of 183rd and on U.S. 30 about half a mile west of New Lenox.

From this point on U.S.

30 to 183rd and U.S. 45 is some eight miles, Supervisor Francis pointed out, and is the longest stretch in developed areas in Will county in which there is no access or exit to I-80. Mr. Francis is endeavoring to get highway authorities to agree to a grade separation at I-80 and North Cedar road. The connection could be moved into fields, he said, so it would not be necessary to take out homes.

Work on the separation west of New Lenox began last week.

The proposed new Illinois 53 route would be six lanes in width north of I-55 or U.S. 66 and four lanes south of that highway, it was reported.

Selection of the route has caused considerable contro-

versy in the Downers Grove area. One of the lines proposed would have taken the highway thru the West Section of Downers Grove. This would be very costly, it was pointed out, because it would be necessary to raze a large quantity of business establishments as well as homes.

The Garden Clubs of Illinois have banded together to fight any attempt to use a part of Morton Arboretum for right-of-way, which the state wants to use.

It is claimed that the state is without power to condemn park land if the action is opposed by those exercising control over the property in question. What voice the federal government might have in such a case has not been explained.

New Park And Shop To Open Doors Wednesday

The new Ordman Park and Shop Supermarket on Wolf Road, a gleaming, all-brick fireproof structure will be unveiled to the shopping public on Wednesday, Nov. 18.

Owners Ralph and Red Ordman say the "preview" opening will be followed at a later date by a grand opening, for which elaborate plans are now in the making.

The new supermarket, re-

placing the one destroyed by fire last December, almost doubles the floor space of the previous store.

The Ordmans proudly describe the new building as offering "the ultimate in modern design, in decor and in shopping convenience."

It's completely departmentalized layout includes such innovations as having frozen bakery items adjacent to the fresh bakery goods, frozen meats adjacent to the fresh meats, etc. In addition to all the traditional food departments, there also is a complete liquor department.

For shopper convenience, there also is a large, black-topped parking area which will be fully illuminated at night.

EASTER LILIES blooming out of doors on Nov. 5, are being viewed here by Mrs. Barney Hostert, 195th and Wolf rd., Mokena. It is rather late for lilies, calendar-wise, but this spell of Indian summer we have been enjoying, has caused some plants to forget that it is getting along toward Thanksgiving. Mr. Hostert happened to run across a bulb lying on the ground late in the summer and planted it in a flower bed alongside the garage. Indian summer took care of the rest of it. Demo Landslide Fails To Rout GOP In Area

While Will county went Democratic in the general election last week the Republicans continued to dominate the scene in Frankfort, New Lenox, Green Garden

and Homer townships but the party's margin in those areas has been reduced.

The eastern part of Will county is still regarded as Republican territory but observers point out that the GOP strength is being reduced by the influx of people from Chicago who bring their politics with them. Thus, observers state, while GOP candidates can expect to get pluralities in such sections the Democrats have made great inroads.

The total vote in Will county in the Nov. 3 election was 89,797. Of this number there were 33,751 straight Democrat ballots and 30,279 straight Republican, with 25,886 ballots split.

In Frankfort township the total vote was 3,205.

The unofficial returns on the presidential, gubernatorial, state's attorney and county auditor races in the township were as follows:

Goldwater, 1,929; Johnson, 1,285.

Percy, 2,164; Kerner, 1,019.

O'Brien (R), 1,673; Sangmeister, (D), 1,492.

Smith (R), 1,983; Waznis (D), 1,156.

In the Village of Frankfort Percy had 665 votes to Kerner's 214 and O'Brien 486 to Sangmeister's 393.

In New Lenox township the total vote was 3,566. The figures in the four races listed above were:

Goldwater, 1,937; Johnson, 1,564.

Percy, 2,792; Kerner, 1,328.

O'Brien, 1,837; Sangmeister, 1,631.

Smith, 2,047; Waznis, 1,377.

In Green Garden township the total vote was 348. The vote in the four races already referred to was as follows: Goldwater, 240; Johnson, 100.

Percy, 255; Kerner, 83. O'Brien, 238; Sangmeister, 101.

Smith, 263; Waznis, 75.

In Homer township the total vote was 2,057. Of this number Goldwater received 1,111 and Johnson, 937. Percy's total was 1,244 and Kerner's, 789. O'Brien had 1,085 votes in the state's attorney's race and Sangmeister, 925.

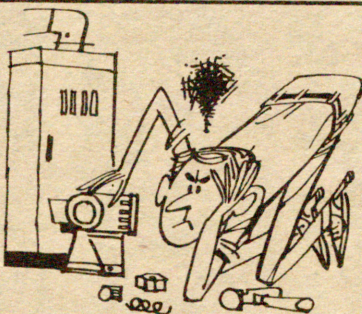

How the vote ranged on the circuit judges and the supreme court judge that were retained probably will not be available until after the official canvasses. Circuit Judges James V. Bartley, of Joliet, Victor N. Cardosi, of Kankakee, and David E. Oram, of Iroquois county, were retained by large majority, as was Supreme Court Justice Joseph E. Daily, of Peoria.

The proposed constitutional amendments were soundly beaten thruout the state. One would have permitted the state legislature to suspend the law and constitution after declaring an emergency and the other would have had the legislature meeting every year.

"Christmas Seals have as big a job to do as ever in the past," said John H. Weltendorf, 1964 Christmas Seal chairman. "A research task force reported to the U.S. Surgeon General that new cases of TB have not been decreasing at the hoped-for rate for several years. As for other respiratory diseases, they continue to loom larger in the pattern of public health menaces; a lot can be done to combat them, but one must have the resources to do it.

Village Board Reviews Plea For Gasket Plant

Following the regular meeting of the Mokena village board held Wednesday night, the members conducted a hearing of the owner and lessees of the property at 10836 Front street. Mrs. Margaret Semmler and M. J. Lerch appeared in answer to a ticket charging them with violation of a local zoning ordinance. They and James Mitchell were represented by Attorney Albert Krusemark, of Frankfort.

The attorney's defense, based on non-conforming use, differed from one offered at a previous hearing held this year by the local Zoning board. He briefly reviewed the history of the structure, built in 1849, relating its commercial and industrial use. He pointed out that wood-working and printing are in the same class, in paragraph 1, one, of the local code classification.

Mr. Lerch testified that their product, gaskets, is made of a processed cork, mixed with synthetic glue and aged. He invited inspection of the process by Mayor Charles Swanburg and the council members. A letter signed by six adjacent residents was offered to prove they had no objections to the present use of the building. Attorney Krusemark showed how this small industry could be a real asset to the village because of the retail and wholesale taxes it would bring in. He spoke of a similar situation in his home town, where a small industrial venture developed into a successful business expanding to where they had to build a large building and are now employing 75 persons.

No decision was made during the meeting but on a motion by one of the board members the disposal of the case is to be taken under advisement.

An anniversary reception honoring the celebrant pair was held on Sunday, Oct. 11, at the Holiday Inn in Aurora.

Seek Funds To Aid Retarded Children

Gov. Otto Kerner has proclaimed the period from Nov. 15 through Thanksgiving Day as National Retarded Children's Week in Illinois, and urged support of the 1964 Retarded Children's Appeal.

Announces New Tax Benefits For Elderly

Taxpayers 65 years of age and over will find additional tax savings in several provisions of the 1964 Revenue Act. E. C. Coyle, Jr., District Director of the Internal Revenue Service, said these benefits are in addition to the rate reductions that will reduce the tax bills of all taxpayers.

For the elderly, tax savings from the new law are estimated to be over \$600 million a year.

Of benefit particularly to taxpayers 65 years of age or older are these provisions in the 1964 tax law:

1. The minimum standard deduction
2. Removal of the one percent floor on medicine and drug expenses
3. Tax free treatment in

In his proclamation, Gov. Kerner wrote: "The success of this appeal for funds will benefit the level of health of the nation by making possible expanded research toward the prevention of

mental retardation, and will benefit our state by expanding training programs with the goal of more effective rehabilitation of those afflicted in Illinois."

The proclamation noted that there are an estimated 302,500 retarded in Illinois, more than half of whom live in Chicago and suburbs. It pointed out that in 1965 there will be 7,000 more children born in Illinois who will be retarded. The proclamation stressed the need for extensive medical and social research to find causes and

effective techniques for treatment.

Twenty thousand volunteers will open the National Retarded Children's Week by marching door-to-door in Chicago and 58 suburbs on Sunday, Nov. 15. They will be carrying canisters or official kits marked "Retarded Children's Appeal."

certain cases for gains from the sale of residence.

4. An election increasing the computation base on retirement income credit for certain taxpayers.

Mr. Coyle said that none of the 11 million older taxpayers previously exempt from filing a return will have to file a return under the new law. Nearly all of the 3.5 million who file returns but pay no tax will continue to have no tax to pay according to Mr. Coyle.

The provisions of the new law will reduce the taxes of virtually all of the 3.4 million people 65 and older who pay federal income taxes. Social Security and railroad retirement benefits continue to be excluded, Mr. Coyle said.

So. Suburban Symphony Welcomed To New Home

Walter C. Edmisten, village president of Olympia Fields, this week officially welcomed the South Suburban Symphony to its new home there.

The orchestra, formerly the Park Forest Symphony, has expanded its activities and is holding four of its five concerts this season in the new 600-seat auditorium of Temple Anshe Sholom at 20820 Western ave., in Olympia Fields.

In his welcoming statement, Edmisten said:

"As village president of Olympia Fields, I am pleased that the South Suburban Symphony has chosen our village as its home. I know this fine orchestra will add much to the cultural growth not only to Olympia Fields, but of the entire South Suburban area.

"We welcome the orch-

estra to our community and hope it will enjoy a most successful season."

The orchestra, which opened its season on Oct. 11 will present its second concert at 8:15 p.m. Sunday, Nov. 15. Music will include the "Overture to Don Giovanni" by Mozart, Symphony No. 3 "Rhenish" by Schumann and Chabrier's "Habenera" and "Fete Polonaise."

Other concerts will be held on Feb. 7 and April 4 with pianist Alfred Brendel and soprano Bethany Beardslee as future soloists. A complete performance of Verdi's opera, "La Traviata," at Thornton Township High School Auditorium in Harvey on May 15 will wind up the season.

Tickets will be available at the door.

Passing Attack Wins For Rich East, 32 To 20

BY DOUG CONNELL
The brilliant passing of Rich East's all-conference quarter back Ken Erickson overcame a hard fighting Sandburg team Saturday to give the Rockets a 32-20 victory in the final game of the 1964 season.

Coach George Egofski's Rockets came from behind a 20-12 halftime score to hand the Eagles their sixth loss of the season. The game gives Rich East a share of the second place honors in the eight team Southwest Suburban Conference. The Eagles finished sixth.

The Sandburg effort was highlighted by fine performances from seniors who played in their last high school football game. Garth Aronson, captain Tony Molitor, Bill Karolich, Charlie Heffner and John Palmer will all leave Sandburg athletics this spring.

Seniors Larry Cobden, Gary Kasper, Roland Roth, Ed Burke, Busy Mitcheff and Phil Aliano also acquitted themselves honorably in Saturday's contest.

Sandburg dominated the first half as the Eagles earned three first downs and a touchdown on the first series of plays in the game. Senior halfback Chuck Heffner went over from the three yard line at 7:53 in the first period to get the Eagle offense rolling.

The Eagles got a break and Wayne Cristopherson recovered a Rocket fumble on the Sandburg 48 yd. line to set up the next score. A 39 yd. pass from quarterback Garth Aronson to halfback Phil Aliano brought the Eagles to the Rich 6-yd. line, as the quarter ended. Aliano carried twice to the 2-yd. mark where Jim McGhee went over for the score.

Heffner dove across the line into the end zone and gave the Eagles another tally, making the score 13-0.

The Rockets returned the Eagle kickoff to their own 41-yd. line and scored on the next play with a spectacular pass from quarter back Ken Erickson to end Bob Bladek.

Determined to maintain their lead, Sandburg returned the kickoff into the Rich endzone at 4:21 in

the period after moving for four first downs. Heffner, who gained 82 yds. for the Eagles in the game, again dove over from the 3-yd. line to give the Blue and Gold a 20-6 edge.

Rich remained strong thruout the final minutes of the half and scored with four seconds remaining in the second period. Erickson carried from the 7-yd. line and the half ended with the Eagles enjoying a 20-12 lead. The situation was reversed in the second half as the Rockets, behind the deadly passing attack of quarterback Erickson scored three times. A toughened Rich defense was able to hold Sandburg scoreless to give Rich their fifth win against 2 losses.

Aided by some excellent pass blocking, Erickson hit halfback Rich Bauch for a 48 yd. touchdown. The extra point attempt failed. Erickson and company scored again in the third period as halfback Joe Craker carried from the 12 yd. line, putting the Rockets ahead 26-20, at the end of the quarter.

The Eagles threatened to take over again as halfbacks Chuck Heffner and Jim Mc-

Ghee, along with some fine blocking from the Sandburg line, moved to the Rocket 13 yd. - line, only to lose the ball on downs.

Erickson and company scored again late in the fourth period on an 8-yd. pass to end Bob Bladek, giving Rich a 32-20 victory.

Cage, Mat Play Get Start At Stagg High

BY MARVIN MILLER
It was a rough season for the young Chargers from Stagg high school. Football was new to them and to the school. Most of the players had not participated in organized athletics before. Some of them thought football was all touchdowns and glory; they didn't know about the hard hours of practice which preceeded these brief moments.

It was difficult to set up a schedule, since conference schools arrange theirs a couple of years in advance. They had to play anyone who had an open date. The team won one game and lost seven.

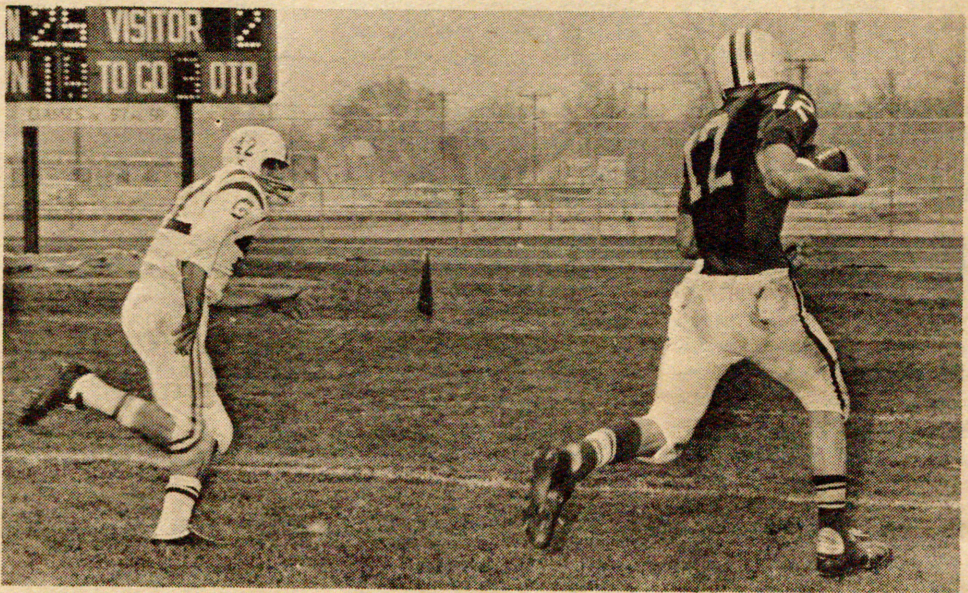

But all these problems are to be expected with a new school and a new team. Next year, things will be better.

Head coach, Henry Meier said he is "looking forward" to a regular schedule in the

Southeast Suburban conference for his sophomores next year. The freshman football team will play Tinley Park, Rich Central, Thornton Fractional North and South, plus three other games outside the conference.

Meier commended the performances of Jim Culleton and Mark Zadravetz in the line this season and Mike Ramondi, Wally Brown and Ed McMahon, backs.

Winter sports at Stagg began last Monday, with about 32 boys reporting for the basketball squad and 30 for wrestling. The first of Stagg's 17 basketball games is with St. Francis DeSales on Nov. 28. The first wrestling meet is with Rich Central at home on the same day. About 14 meets are scheduled for the season.

TRAPPED DEEP in his own territory was Andy Mannerino, of Oak Lawn and trapped he stayed because he was hit by the old high-low combination. The low man was Mike Bernard (No. 85) while coming in in the high side was Ted Welborn (No. 73.) (Graphic Newspapers photo)

Knights Lose To Spartans

BY NORM BEEBE
Lincoln - Way suffered their last set-back of the year by falling to the Oak Lawn Spartans 39-16. The closing game of the season put the Knights in the cellar with a record of 1-6 with Oak Lawn preceding them, finishing 2-5 in conference play.

Oak Lawn started off the action by recovering a fumble on the Lincoln-Way 32 yard line. The Spartans ran a series of 15 plays which put them on the Lincoln-Way 6-yard line. Wayne Luchini, senior fullback for the Spartans, rushed the needed six yards for Oak Lawn's first 6 points.

In the second quarter Keith Schram showed his passing ability by connecting with six out of eight passes for a total of 45 yards. Oak Lawn scor-

ed another six points when Luchini again plowed over the Knights defense for the needed yardage. The Spartans scored a yard pass from Fox to Harris. The second one was a long 50 yard run by Matulas. Lincoln-Way

also scored in the 4th quarter on a 5 - yard pass from Schram to Hamilton.

Lincoln-Way gained 179 yards in the air and 68 rushing to give them a total of 267 yards gained, compared to 316 yards gained by Oak Lawn.

Joliet Business Men Take Over Pro Football Club

A seven-man board has been selected to operate the Joliet Explorers, Inc., a professional football team, for the remainder of 1964 and to formulate plans for 1965.

Meeting in executive session after the dinner session, the new board elected officers. They are Fred W. Hintze, Joliet, realtor chairman of the board; Attorney

Stuart C. Kroesch, president Robert B. Musser, merchant; Peter G. Perry, industrialist and Anthony J. Samios, Joliet realtor, vice presidents; Edward J. Willsman, certified public accountant, treasurer, and John H. Winke, photographer, secretary.

In addition to the officers unanimously nominated and elected, other investors include Mayor Maurice Berlinsky; Attorney John C. Blakslee; Al Cookas, Earl D'Amico, Arrie Delrose, John E. Furman, Nathan Gordon, A. E. Greenberg, Charles Gregory, Don Ladass, sports announcer, State Rep. Francis J. Loughran; C. D. Oberwortmann, banker, Robert Schultz, Glenn Warning, Frankfort, Jack Waters, and Harold F. Woldt.

The Joliet Explorers Professional Football Club, Inc. was re-incorporated recently after the original owner, John Cantieri, was disenchanted by United Football League Commissioner George T. Gareff. The new corporation is the Joliet Explorers, Inc.

GAYLE HARLING, of Mokena (first row, center) is one of the varsity cheerleaders at Eastern Illinois university. The others in the picture are Sheila Smith, Matoon, left of first row, and Galey Konrad, Springfield, right. In the top row, left to right are, Carol Sue Workman, Shelbyville; Mary Walters, Granite City and Dawn Shafer, Chicago. Burros Drop Doubleheader To Kankakee Midget Teams

The Burros lost a double header last Saturday to Kankakee. Ken Fortman was star for the Burros, scoring their only touchdown on a long pass from Steve Sorenson. Fortman later scored on another pass which was nullified by a penalty. Final score was Kankakee 20 - Burros 7 in the lightweight game.

In the heavyweight game, loose pass defense and bad passes helped Kankakee win 40-0. Mokena was hurt by the absence of Burkhardt, Duane Nieman, John Schilling, Tobey Krueger and Fortman in the second game.

This Sunday, the Burros travel to Tinley Park to play the Bulldogs, coached by Pat Nicholson, whose son, Pat Jr. is one of the stars on the team. The game will begin at 1:30 p.m. The park in Tinley Park is on 171st st. one block east of Oak Park ave. This is the first year for the bowl game, tentatively called the "Pumpkin Bowl."

The awards banquet will be held Saturday, Nov. 14 at Willow Run Country Club on 183rd st., one mile west of Wolf rd. in Marley at 7 p.m.

The Working Classes

J. A. WARD

At this time of the year we feel it fitting to write about the tremendous advantages of working in the Western Suburbs for the readers of this column.

In our business we receive dozens of calls each month from both men and women wanting advice and assistance in locating permanent and temporary work in the suburbs. To help these people we have had printed a special Job Analysis Chart that is free to anyone to compare the advantages of working in the suburbs to their present job location.

Few people stop to realize that when you spend two hours traveling to and from work that this equals 25% of your actual 40-hour work week. In other words, this two hour a day travel means that you are putting in 50 hours. By comparison if you work in the Western Suburbs this travel can be reduced to probably less than an hour a day, which means that you can sleep later in the morning and be home earlier in the evening, and of course there is a tremendous saving in travel expense.

Many men and women who come to us are amazed to learn of the demand for highly skilled people. Their first comment is something like this: "I realize that the opportunities and salaries are not as great in the suburbs." NOTHING COULD BE FARTHER FROM THE TRUTH. The opportunities for engineers, secretaries, accountants, salesmen, chemists, and other highly skilled help as well as unskilled help is growing by leaps and bounds. Not only are these people in demand, but salaries are comparable "all things being considered."

If your boss told you to come in one hour later and leave one hour earlier to compensate for your travel, you then would be able to sleep a little later in the morning and spend more time with your family and friends in the evening.

When the ice and snow begins to blow, it's awfully nice to be working close to home. If there is a status symbol in this situation, I would guess it to be that you live and work in the Western Suburbs, the most beautiful and unique residential and industrial area in metropolitan Chicago.

The Job Analysis Chart mentioned in this article can be picked up at the J. A. Ward's office at 1 North LaGrange Road or ordered by mail.

GUESSES—If the new federal budget winds up with a bigger deficit than planned, say Washington observers, it will probably be due, in part, to the fact that spending on farm programs has bulged; that the government could not find buyers for as many mortgages as it planned to sell.

SAFEGUARD—An amendment proposed by Rep. Walter Rogers (D., Tex.) that would make it possible for Congress to overturn some Supreme Court acts by a two-thirds vote is said to be gaining favor among members of both houses.

GROUND—The General Accounting Office reports that many important training courses at the Aviation School, Fort Rucker, Alabama had to be cancelled or curtailed because the U.S. Army Aviation Command failed to provide contractors with the parts needed to overhaul the engines of the training planes.

SIMPLE?—Sen. Wallace F. Bennett (R., Utah) reports that the President's Committee on Consumer Interest had the Department of Agriculture prepare tables on simple interest. Distribution of 100,000 copies began, he said, before it was discovered they were wrong.

UNNOTICED DEMISE—The House quietly killed a bill that would have forgiven half of tuition lent to medical and dental students if they set up practice in areas with shortages of practitioners.

REAL MESS—The General Accounting Office charges that the federal government is incurring unnecessary costs running to the hundreds of thousands of dollars because servicemen attending training programs at industrial plants are forced to eat out at government expense even though nearby military messing facilities are available.

Cub Scout Pack 10 held their Halloween Pack meeting at the school on Friday evening, October 30. The boys of Den 4, under the den

mother Mrs. Shirley Hart, were given the award for the funniest costumes. The award was a \$5.00 gift certificate for the use of the den materials.

There was also an attendance award given out for the den which had the greatest representation of parents present at the pack meeting. This award was given to Den 2 under the Den Mother Mrs. De Vries.

Den 5 under the Den Mother Mrs. Doris Heiss, had a field trip to the Joliet woods on Thursday afternoon, November 5. The boys gathered a log in their trip through the woods to bring home for use in the Thanksgiving decorations for the November pack meeting. They are also now gathering newspapers in order to make a papier mache turkey.

The Halloween party given by the Cadettes Girl Scout Troop with the Boy Scout Troop as guests was a busy evening with bobbing for apples, and apples on a string. They pushed popcorn across the floor with their noses, and attempted to whistle with popcorn in their mouths. With the games almost over, they decided to burn the witch at the stake and took her from her perch in front of the Scouthouse. A bonfire was built and the witch-fry completed.

The evening finished with the ghost story of Mr. Brown with the assortment of ghoulish items being passed in the dark.

The prizes for costumes were awarded to Larry Lawson first prize in his costume as a Ubangi native, Paul Dickerson as a cowboy was receiver of second prize, and Jim Rochelle won third prize as Miss Grundy of the Archie comic strip.
